The Seminar on Circular 37, ODI, and Overseas Listing Successfully Concluded

Author： Link & King

On April 15, the Foreign-Related Legal Lecture Series—featuring discussions on Circular 37, ODI, and Overseas Listing—was successfully co-hosted by Link & King Law Firm and Rui Zhi Consulting.

The event was moderated by Lawyer Chen Jue, a partner at Huanzhong, with the keynote delivered by Li Xiao, East China Regional Management Lead of Rui Zhi Consulting. The lecture was structured around four key modules: the VIE Red Chip Structure, Foreign Exchange Circular 37 Registration, Outbound Direct Investment (ODI) Filing, and Case Studies. Each module, while distinct in focus, was interconnected to form a cohesive whole. Attendees engaged attentively, actively participated in interactions, and took part in in-depth discussions following the presentation.
